Branthwaite Care Home

Caring for you, Caring about you.

Adam Knights, Managing Director Statement:

“At Knights Care we are proud to support and care for the most vulnerable in society.

We aim to make their need for assistance a dignified experience, constantly reinvesting into our facilities and routinely looking at how we can better ourselves to better improve the overall resident experience.

We look after people with a variety of needs which range from residential care, dementia care and nursing care. A number of our homes are now caring for people with complex needs often combined with chronic or long term physical health conditions. We are proud to offer people who challenge mainstream services a safe place to call home.

Our residents and their families are very important to us, we value their involvement in the care and support we offer. We will always treat loved ones of our residents courteously and welcome their input regarding their loved ones care.

We take great pride in how we support our staff to grow and develop; their passion and dedication never fails to astound us and is what allows us to care for our residents with the dignity they deserve in a place of safety.”

Knights Care Vision, Values & Promise

Our Vision:

Our residents are at the heart of everything we do. We put quality first and promote respect for the individuality, dignity and rights of every one of our residents, ensuring they maintain as much of their independence as possible.

Our Values:

Person - Centred

Compassion

Respect & Dignity

Safety

Excellence

Our Promise:

To go the extra mile to improve and enrich the overall quality of life of our residents.

Caring for you, Caring about you

A home for your loved ones

Our team of compassionate and dedicated professionals provide a safe, comfortable and supportive environment ensuring all residents enjoy the highest quality of life.

A snapshot of our facilities:

- Bedrooms: Single – mostly En suite
- Lift
- Own furniture if required
- Wheelchair Access
- Gardens
- Phone and television points
- Activities
- Close to local shops and public transport
- Therapists Provided: Chiropodist, Hairdresser, Dietitian, audiologist, optician, and Physiotherapist
- Spiritual and cultural needs are met by engaging with community services

A place where nothing is too much trouble, and everyone is treated with kindness, empathy and dignity.

The care home provides residential care for up to 40 adults and provides en-suite facilities, cosy living areas and spacious dining area where fresh and nutritious meals are prepared each day.

The team at Branthwaite spend time getting to know each person they work with, ensuring they can create an environment that is familiar and comfortable for them whilst meeting their individual care needs.

Regular trips out in the local community encourages residents to remain active and engaged whilst visits from healthcare professionals such as dentists, opticians and physiotherapists helps keep residents healthy and hearty.

Social therapy plays a large part of the day to day running at Branthwaite. Daily activities, trips, pet therapy and hairdressing will be available to all residents. Everything is organised and coordinated by the activities co-ordinator to ensure residents are happy, entertained and as active and stimulated as possible. Knights Care ensures a generous budget for the provision of social activities is available in addition to the home's own fund raising. Relatives have the opportunity to join Relish Wellbeing which gives them visibility of their loved ones daily activities and engagement levels, as well as photos of them enjoying life in the home.

Branthwaite has access to a disability friendly mini-bus which our dedicated activities co-ordinators will use to co-ordinate outings for residents such as pub lunches, seeing the local sights, attending organised coffee mornings or just to get out and about in the community

Pets

Whilst we acknowledge the fact that people have pets for company during their lifetime and that they may wish to bring an animal with them when they move, the management has a responsibility to all the residents with regards to Health and Safety. This is not to say we do not permit pets, the manager will however treat each case on an individual basis.

Medication

If a resident wants to manage their own medication and is safe to do so, we provide help and advice as required. Otherwise all medication will be managed by the staff and dispensed and ordered for them under the instructions of their doctor. Any resident may request to see a doctor in private if they wish.

Meals

Branthwaite Care home, in conjunction with Apetito cater to every taste, dietary and cultural preference with over 200 delicious, chef-prepared care home meals. The Cooks liaise with staff/residents to establish dietary needs and preferences. Menus are planned and agreed through consultation with residents. Meals are prepared on site from fresh locally sourced produce. Tea, coffee and other hot drinks are served and available 24 hours a day, visitors are also catered for.

Hear from our families

"This is a special place for my Mum. From the first day, Mum has been treated with kindness, empathy and dignity. Nothing is too much trouble at all. We are happy to say Mum is having her birthday party, her 90th, here at what is her home. Thank you to all the staff and Managers who look after ourselves very well too."

Review from family of Resident

"I just wanted to say how pleased we are that Mam seems to be settling nicely. We are so pleased with the care she gets from all of your wonderful staff - especially as we live so far away"

Review from family of Resident

“Every member of staff is kind compassionate and caring. Especially chatting to mum and ensuring her wellbeing and happiness are catered for”

Review from family of Resident

Outcome Focused, Person Centred Care

Rating: Excellent

"We saw that Care and support plans were fully evaluated/ reviewed and updated regularly so always reflective of current Care and Support needs"

Safe and Homely Environment

Rating: Excellent

"Individual spaces were personalised and decorated to a high standard and of the residents choosing. Communal areas were clen / pleasant/ welcoming and maintained regularly. There were no concerns raised by staff or residents about the cleanliness of the service"

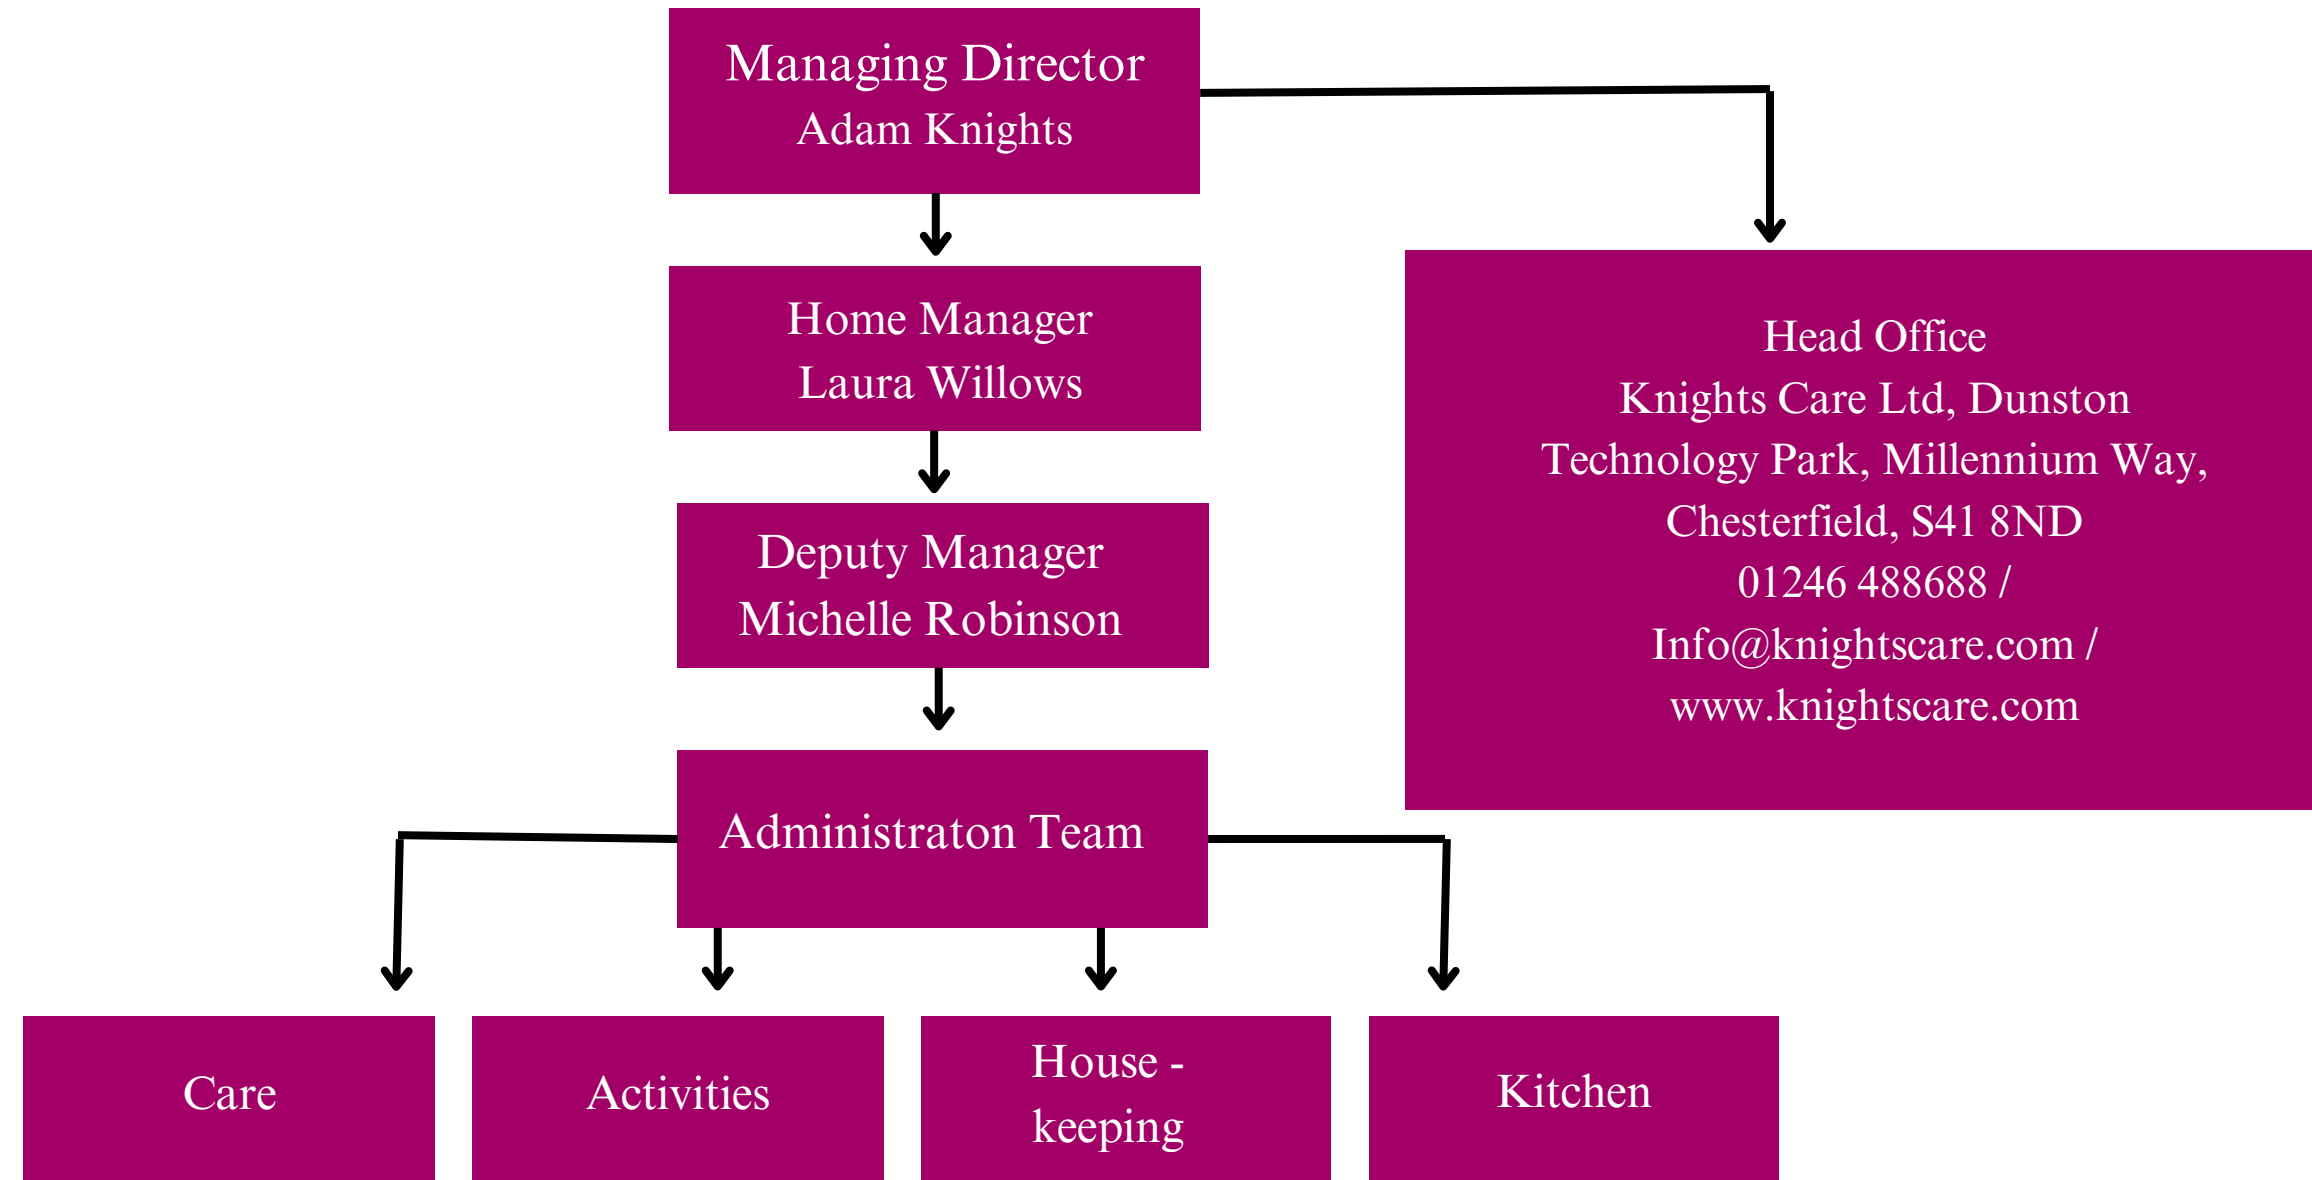

Keeping People Safe

Rating: Excellent

"We saw that staff members were competent around medication handling and were assessed, evaluated and improved through regular training"

Home Hierarchy

Useful Information Regarding Legislation and Best Practice

Mental Capacity Act 2005

The Mental Capacity Act 2005 (MCA) protects and empowers people and allows people to plan for the future. It applies to everyone involved in the care, treatment and support of people aged 16 and over, living in England and Wales who are unable to make all or some decisions for themselves. It is based on 5 key principles that focus on capacity and decision making by ensuring each persons rights and freedom of action is achieved in the least restrictive way possible. A person is considered to lack capacity if they are unable to:

1. Understand information about the decision to be made (the Act calls this ‘relevant information’)
2. Retain that information in their mind
3. Use or weigh that information as part of the decision-making process, or
4. Communicate their decision (by talking, using sign language or any other means).

Consent

Under British Law, nobody can give consent on behalf of another person unless they have been lawfully authorised. This authorisation is given in the form of a Lasting Power of Attorney for Health and Wellbeing and/or Lasting Power of Attorney for Finances (see LPA below for more details).

If a person is not able to consent and they have not appointed a Lasting Power of Attorney then a decision should be made in the persons best interest.

Best Interests

If someone is found to lack the capacity to make a decision the MCA states that a decision should be made in their best interest. To do this we will always consider “What they would always have wanted”. We will consult with family members and others who have previously known the person that lives with us e.g. GP, Social Worker, to help us make a decision

Deprivation of Liberty Safeguards (DOLS)

In certain cases, the restrictions placed on an individual who lacks capacity to consent to the arrangements of their care is considered a deprivation of liberty. Where this appears to be the case we will apply to the local authority who will carry out an assessment of the care and treatment to decide if this is the case and if it is in the best interest of the individual concerned.

Lasting Power of Attorney (LPA)

A Lasting Power of Attorney (LPA) is a legal document which allows you to appoint someone who you would like to make decisions on your behalf, should you become unable to do so in the future. It lets you choose a person (or people) you trust to act for you. This person is referred to as your attorney.

There are two different types of LPA: property and affairs LPA and health and welfare LPA. Each type covers different decisions and there are separate application forms for each. You can choose to make both types, or just one. You can have the same attorney for both, or you can have different attorneys.

More information can be found here: <https://knightscore.co.uk/app/uploads/2023/03/Property-and-affairs-LPA.pdf>

Advance Decisions

An advance statement is a written statement that expresses a person's preferences, wishes, beliefs and values regarding their care. It is not legally binding. The aim is to provide a guide for anyone who might have to make a decision in someone's best interests if they have lost the capacity to make a decision or communicate their decision. An advance statement can cover any aspect of a person's future health or social care. This could include:

- Any spiritual beliefs they hold.
- Where they would like caring for e.g. at home, a hospice, nursing home or hospital.
- How they like to do things e.g. they prefer a bath to a shower, they like to sleep with a light on.

Other things you might think about are putting your finances in order and making a will or updating any previous will. More guidance and information can be obtained from the following sources:

- Government - <https://www.gov.uk/government/publications/make-a-lasting-power-of-attorney>

Complaints, Suggestions, our Compliments Policy and Procedure Purpose

The Registered Provider operates an effective mechanism for the receipt, recording, investigation and resolution of all complaints, in order to comply with the regulations. The arrangements for investigation of complaints are fair and transparent. Complaints and suggestions from Service Users or their relatives are a valued source of information regarding the quality of our service, and are a primary source of information regarding possible abuse. Care Quality Commission and Local Government and Social Care Ombudsman guidelines are adhered to.

- Scope**
- Service Users
 - Relatives
 - Other professionals outside agencies
 - All employees
